and

**Teknolab**  
Sorbent

# Invite you to a **Workshop** presenting the **expression<sup>®</sup> Compact Mass Spectrometer (CMS)**

**Thursday 8<sup>th</sup> of  
June 2023**

**10:00-12:00 a.m.**

incl. fika and lunch

**Uppsala  
University**  
Husargatan 3  
BMC - A5:115

**Group Prof. Erdelyi**

## **Simplifies & accelerates all steps of your current workflow**

- Ideal for reaction monitoring, compound ID, and fast screening
- Identify samples in seconds, with zero preparation:

**Mass Analysis of TLC spots in <30s with the Plate Express<sup>™</sup>**

**Touch Express<sup>™</sup> OPSI : innovative ESI sampling technique for direct analysis of solids, liquids, surfaces and fibers.**

**ASAP<sup>®</sup> direct-probe for one-touch APCI analysis of liquid and solid samples**

- **Feel free to bring your own samples for testing, please contact us in front by email so that we can plan it in the agenda**

Please register no later than May 31st
